Does RAP have funding to keep the Hollywood pool open longer ?

IF NOT and the CD office could find some money how much would it cost per week ??

Hi Sophia -

How can our office help keep the pool open at least through September?

To this person's question about water conservation, I hear Kevin talk about this being a "smart pool" that captures rainfall, correct?

Thanks!

Hello it has come to my attention that the Hollywood Swimming Pool is closing in a couple of weeks. Im not sure why you guys didn't think about all of the gallons of water that will be wasted by doing that when we are having issues of

watering our grass and taking showers. All of the water that will be wasted. Please rethink about this doesn't make sense for you to close the pool when you just filled it.

Thanks for reading my concerns about trying to save water....

Katie
